EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Andrew D. Fortney, Ph.D. on 6/29/05.

The application has been amended as follows:

Cancel non-elected **claims 10-21**.

Claim 1, line 12, change "a plurality" to -- the plurality--;

line 18, insert -- on -- before "the insulating".

2. The following is an examiner's statement of reasons for allowance:

Claim 1 and its dependent claims are allowed over the prior art of record because the prior art fails to teach nor suggest the claimed subject matter, which includes the use of a first resist mask for etching parts of an insulating layer so as not to expose the first conductive line, the use of a second resist mask for selectively etching a plurality of via holes in each of said parts in order to expose the first conductive line, and the use of a third resist mask for etching trenches in the insulating layer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
